

Mission

KIPP San Jose Collegiate provides a rigorous academic program to prepare students to enter and succeed in the nation's finest four-year colleges and universities and the competitive world beyond. Our graduates will use their education and life experiences to make positive change in their own lives, within the East San Jose community, and among our global society.

7%

Are English language learners

We are part of a thriving network of 16 public elementary, middle, and high schools open to all students.

Together with families and communities, we create joyful, academically excellent schools that prepare students with the skills and confidence to pursue the paths they choose—college, career, and beyond—so they can lead fulfilling lives and create a more just world.

OUR RESULTS

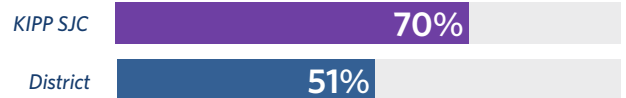

2018-19 Academic Results*

Data helps us understand our impact: what is working and what needs to be improved. By analyzing and sharing our student achievement data, we can better support our students. The Smarter Balanced Assessment Consortium (SBAC) is one measure that contributes to a holistic view of student progress for families and teachers.

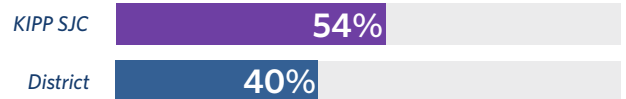

*Due to COVID-19, the SBAC was not administered in 2020.

KIPP THROUGH COLLEGE

KIPP is unique in that we support our students to and through college. We provide structured support focused on college readiness, persistence, and completion until the day alumni receive their college degrees. Services include: college visits, one-on-one college advising, financial aid workshops, academic advising, career and technical education advising, college transition support, and internship and mentorship opportunities.

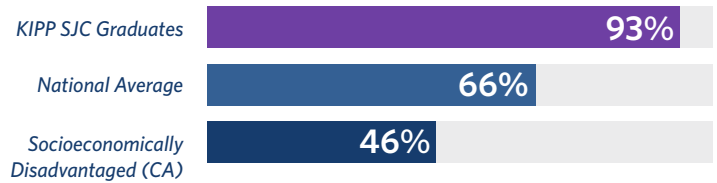

83%

Our students are going to college. 83% of KIPP Northern California eighth grade completers are matriculating to college, compared to 66% of students nationally.

4x

KIPP alumni are going on to lead choice-filled lives. Our alumni are over 4x as likely to graduate college as their peers.

Students Who Matriculate to College

WHAT IS NEXT FOR KIPP

As we continue to build out TK-12th grade schools in our current communities and launch new schools in Stockton, we're investing even more in teacher training and coaching, strengthening family and community engagement and advocacy, and building positive school cultures that foster a sense of identity, community, and belonging.
